9

Integrated primary and acute care systems

14

Multispecialty community providers

6

Enhanced health in care homes

8

Urgent and emergency care

13

Acute care collaboration

Our values: clinical engagement, patient involvement, local ownership, national support

Our values: clinical engagement, patient involvement, local ownership, national support

Vanguards are already showing examples of the successes of their new care models

Reducing average length of stay

From 12 days to 8, with Sutton's Red Bag hospital transfer pathway

Reducing demand in the system

Fylde's extensivist service's early results indicate reductions in:

A&E admissions: 19%

NEL admissions: 25%

New OP attendances: 10%

Follow-up OP attendances: 17%

Elective activity: 37%

Providing more care remotely

60% of patients seeking same day appointments in Gosport have their needs met over the phone

Reducing inappropriate attendances

Reduced inappropriate GP visits by 30%; home visits by 21% and telephone consultations by 35%, in Dudley

Our values: clinical engagement, patient involvement, local ownership, national support

Key elements of the emerging PACS Care Model

Key elements of the MCP Care Model

KEY ELEMENTS OF THE EHCH CARE MODEL

Care element	Sub-element
1. Enhanced primary care support	Access to consistent, named GP and wider primary care service
	Medicine reviews
	Hydration and nutrition support
	Out of hours/access to urgent care when needed
2. Multi-disciplinary team (MDT) support including coordinated health and social care	Expert advice and care for those with the most complex needs
	Helping professionals, carers and individuals with needs navigate the health and care system
3. Reablement and rehabilitation	Rehabilitation / reablement services
	Developing community assets to support resilience and independence
4. High quality end of life care and dementia care	End -of -life care
	Dementia care
5. Joined up commissioning and collaboration between health and social care	Co-production with providers and networked care homes
	Shared contractual mechanisms to promote integration (including Continuing Healthcare)
	Access to appropriate housing options
6. Workforce development	Training and development for social care provider staff
	Joint workforce planning across all sectors
7. Data, IT and technology	Linked health and social care data sets
	Access to the care record and secure email
	Better use of technology in care homes
