## Who we are:

**CommonAge** was established in 2013 by a group of professional leaders in the aged care sector and is an accredited Commonwealth civil society organisation. The organisation works to connect all generations, its primary aim is to improve the quality of life for older people throughout the Commonwealth.

## 16 – 17 April

The event will take place during the week of the 2018 Commonwealth Heads of Government Summit Meeting (CHOGM). A major focus will be on the launch of the first research report on 'Ageing in the Commonwealth'. To ensure the event fully reflects the diversity of the Commonwealth, many speakers and delegates from developing countries will be attending, sharing experiences and building networks and alliances with UK providers.

## Ageing in Common

## 17 – 18 April

The NCF UK Care Conference will look at Human Rights, Nursing, End of Life Care and Reform of Care across all UK countries. Hear from CQC and NCF members perspectives, as well as diversification and developing Care Models in the UK. We encourage UK based care providers to join us at this innovative, outward looking conference that will expand horizons and refresh the pressurised social care sector.
